<sup>1</sup> Plans closed to new workers or plans that cease accruals for some or all plan participants.

<sup>2</sup> Includes workers in the private nonfarm economy except those in private households, and workers in the public sector, except the federal government. See Technical Note for further explanation.

<sup>3</sup> The sum of the individual components may be greater than the total because some employers offer more than one alternative.

<sup>4</sup> The percentile groupings are based on the average wage for each occupation surveyed, which may include workers both above and below

the threshold. The percentile values are based on the estimates published in the "National Compensation Survey: Occupational Earnings in the United States, 2008." See Technical Note for more details.

NOTE: Dash indicates no workers in this category or data did not meet publication criteria. For definitions of major plans, key provisions, and related terms, see the "Glossary of Employee Benefit Terms" at [www.bls.gov/ncs/ebs/glossary20082009.htm](http://www.bls.gov/ncs/ebs/glossary20082009.htm).
